

Group Work Evaluation

Name and Group _____ **Date** _____

1. What did you learn about working in a group from today's group activities, including the research, discussing the Web research findings with your peer group, preparing the presentation, and presenting the information?

2. What do you feel went very well during these different group activities?

What do you feel could have been done better during these different group activities?

3. Were you satisfied with the role you played in the group?
Do you feel you had too much / enough / too little contribution?
Explain your answer.

4. Explain the ways that you helped your group complete the work.

5. How do you feel about your presentation in front of your class?
What is one thing you would change when presenting again in the future?
What is one thing you would repeat when presenting in the future?
(e.g., your voice, eye-contact, preparation for the presentation).
