## Notes Sheet: The Future of Healthcare and SDG #3

- *How These Health Systems Are Transforming Chronic Disease Care*
- *The Future of Healthcare*

### 1. Innovative Healthcare Systems or Care Models

Choose 1 or 2 health systems or innovative care delivery models described in the articles. For each, fill out the chart below.

Healthcare System / Model	Description	Pros (Benefits)	Cons (Challenges)	Connection to SDG #3 (Good Health and Well-Being)

### 2. Reflection Questions

A. How do these innovations improve care for people with chronic diseases?

---

---

B. In what ways could these systems help achieve the goals of SDG #3 globally?

---

---

C. What challenges might healthcare providers or patients face when adopting these new care models?

---

---

---

### 3. Your Opinion

Which healthcare innovation do you think has the greatest potential to improve global health?  
Why?

---

---

---
